NAZIS FURIOUS OVER BRITAIN'S ALTMARK COUP

Destroyer Takes 300 British Prisoners Off German Ship

London, Feb. 17.—(AP)—A conquering British destroyer came home tonight with 300 Britons rescued from the Nazi prison ship Altmark, leaving the German prison vessel rammed fast in the ice and rocks of a Norwegian fjord after a defiant and furious fight on the very shores of a frightened neutral nation.

Like a chapter from the exploits of Drake or Nelson, a boarding party from H.M.S. Cossack, one of at least three British destroyers involved, swarmed over the decks of the dinky, 12,000-ton Altmark, freed the prisoners taken months ago by the now scuttled Admiral Graf Spee and killed five Germans and wounded five others.

The officer-leader of the boarding party sprang eight feet to the lower deck of the Altmark, knocked aside a German guard, and raced to the bridge to send the Altmark hard ashore with a "full speed astern" ring of the engine-room telegraph.

"Booby Trap"

In a spectacular side show to the battle, the 5,800-ton German tanker Baldur, cornered off shore by the British destroyer Ivanhoe, was scuttled by her crew "in German fashion," as the British admiral put it.

The British foreign office received Norway's protest over the seizure with counter-representations over Norwegian failure to find and release the British prisoners during a search prior to last night's incident. This failure, it said, left Britain no alternative but to take matters into its own hands and free the captives.

An admiral's communique, describing the boarding of the Altmark in stiff, official language, said shots were fired by both sides and asserted the boarders found two pom pom guns and four machine guns on the Altmark. It also described the rescue of the German Altmark crew by the British Ivanhoe and told how the destroyer Ivanhoe rescued the crew of the Baldur.

From Churchill
This message, the admiral said, was flashed direct from Winston Churchill, first lord of the admiralty, to the commander of the Cossack: "The force under your orders is to be congratulated on having in a single day achieved a double rescue—Britons from captivity and Germans from drowning."

The erstwhile prisoners who reached shore late today at Leith, Scotland, to tell tales of "heartless" treatment in a "filthy" ship during their long captivity, said the captain of the Altmark planned to blow her up if trapped, that a time bomb was hidden on board. Tonight, however, official reports from Oslo said the German legation there had ordered that the ship not be destroyed, and a German crew of about 100 men stayed aboard the stranded Altmark. Her fate, possibly internment, was unsettled, and British destroyers still were hovering out at sea in constant watch.

Germany Furious
Official Germany was furious. Using adjectives like "dastardly" and "swinish," authorized sources in Berlin declared the British invasion of Norwegian coastal waters was a gross violation of international law, comparable to the bombardment of Copenhagen 133 years ago by a British fleet. The German minister in Norway made a sharp and immediate demand for full restitution of the ship and indemnities for the dead and injured.

SPEAKING CONTEST
Monmouth, Ill., Feb. 17.—(AP)—Don Hoke of Wheaton College won the men's extemporaneous speaking contest of the Illinois Intercollegiate Oratorical Association today.

John Keltner of Illinois Normal was second; Guy Oliver, son of North Central's debate coach, third; and John Wiley, Northern Teachers, fourth.

Roosevelt To Study Panama Canal Defense

Aboard U.S.S. Lang at sea, Feb. 17.—(AP) via wireless—Lifting the veil of secrecy surrounding his cruise, President Roosevelt announced through an aide today that he would arrive at the Canal Zone early tomorrow for an inspection of the defenses on the Atlantic side of the Panama canal.

Brig. Gen. Edwin M. Watson, the president's secretary and military aide said Mr. Roosevelt would confer with Commanding General Van Vorhis of the Canal Zone and military, naval and civilian authorities.

Watson indicated further information would be disclosed tomorrow night.

It was assumed President Roosevelt would discuss the proposed additional set of canal locks and increases made in the defense garrison at the strategic link between the Atlantic and Pacific.

The mystery of the voyage was solved as the cruiser Tuscaloosa, carrying the president, and the convoying destroyers Lang and Joutet cruised in the Caribbean sea off Nicaragua.

HULL PROBABLY HOLDS CONTROL ON JAP ISSUES

Senate Committee Is Evenly Divided On Trade Curbs

Washington, Feb. 17.—(AP)—The Senate foreign relations committee is evenly split on the question of imposing embargoes on exports to Japan that a word from Secretary of State Hull probably would decide the issue either way.

This became apparent today when an informal poll of the committee's 23 members showed seven opposed to two pending embargo proposals, seven qualified in favor, and six undecided. Three were unrecalled.

Of the six who said they had not made up their minds, four indicated they would be swayed by Hull's views, as yet not made public. One who declined to comment on this stand, Senator Green (D-R.I.), consistently has supported the administration on legislation considered by the committee.

The committee is expected to discuss informally at its meeting next Wednesday two pending embargo proposals.

The first, by Chairman Pittman (D-Nev.), would empower the president to restrict exports of war materials, including iron, steel, oil, gasoline and scrap metal, to Japan because of alleged violation of American rights in China.

The second, by Senator Schwellenbach (D-Wash.), would impose embargoes on the ground that Japan has violated the nine-power treaty in which the signatories pledged respect for the territorial integrity of China.

Although several committee members have said they would want to hear Hull's views before acting, the secretary was reported to have advised informally that he did not desire to testify at this time.

This probably will have the effect, some members said, of delaying committee action.

Both Chairman Pittman and Schwellenbach told reporters, however, that they were determined to obtain additional information on their resolutions in this session of Congress.

Dewey Is Uncertain Of Nebraska Action

Kearney, Neb., Feb. 17.—(AP)—Thomas E. Dewey, Republican presidential nominee possibility, declined today to definitely commit himself to a test on strength on the Nebraska primary ballot.

Pettitioners place Dewey's name on the ballot have been placed in circulation in the state, and at Omaha supporters of Senator Vandenberg of Michigan, said if Dewey's name goes on so will Vandenberg's. The Vandenberg men said if Dewey's name is not filed, they will withhold their petitions.

Dewey said "Whether I should enter any specific state primary can only be determined after consulting the people who are managing my campaign—the leaders of the party."

"I haven't stopped any activity on my behalf since leaving New York and I haven't authorized any," he added.

Britain's Social Thinking Is Hit By Author H. G. Wells

Says Hitler Only a Pimple on Face of Ailing World, Not Cause of Trouble; Defines "Disease" of the Present System

New York, Feb. 17.—(AP)—H. G. Wells, the great English historian, said today the real reason of England's war against Germany is the British ruling class' fear of losing wealth and power.

The Nazi regime headed by Adolf Hitler is a form of social revolution, and Britain's rich men are afraid it will unsettle them, he averred, because: "They fear a day of reckoning with their long-bamboozled lower classes."

Blitter Ridicule
The famous writer unleashed his bitterest ridicule on the social thinking of his own country in his newest book, "The New World Order," which sketches the blue-prints for a new civilization in less than 150 pages.

"The Chamberlain-Hitler war is being waged so far by the British empire in quite the old spirit," he wrote. "It has learned nothing and forgotten nothing. There is the same resolute disregard of any more fundamental principle."

"The minds of our comfortable and influential ruling class people refuse to accept the plain indication that their time is over, that the balance of power and uncontrolled business methods cannot continue."

Of the Chamberlain government's professed war aim—to "get rid of Hitler"—Wells said:

"Hitler, like the Hohenzollerns, is a mere offensive pustule on the face of a deeply ailing world.

"To get rid of him and his Nazis will be no more a cure for the world's ills than scraping will heal measles.

"The disease will manifest itself in some new eruption.

"It is the system of nationalism, individualism and uncoordinated enterprise that is the world's disease, and it is the whole system that has to go. It has to be reconditioned down to its foundations or replaced. It cannot hope to 'muddle through' amiably, wastefully, and dangerously a second time."

Predicts Revolution
No matter who wins this war—even if it ends in a stalemate—he predicted, there will be a world-wide social revolution which either will be violent and destroy civilization or peaceful and build a new "collectivist" world.

He prefers the latter alternative. To achieve it, he advocates that all peoples of the world join in "a great debate" on social issues, that they may better understand each other and work together for the common good.

LOUISIANA WILL DECIDE FATE OF 'REIGN' TUESDAY

Governor Earl Long To Survive Or Fall In Second Primary

New Orleans, Feb. 17.—(AP)—Louisiana voters decide next Tuesday whether organized survivors of the 12-year-old Huey Long dynasty remain in power.

In the state's second gubernatorial primary this year that is the only issue.

The first primary campaign started with Huey Long, made and made—singing, the second, with a feverish session of the legislature.

In five days, the lawmakers assembled by Gov. Earl K. Long, one of the surviving candidates, tore down some of the legal structure of the old Huey Long dictatorship, appropriated \$1,000,000 for children's school lunches, another million for social services—but neglected to specify where the money was to be found.

Long polled 225,739 votes in the Jan. 16 primary. His runnerup and now his only opponent was the reform candidate with the widest backing, Sam Jones, Lake Charles attorney and comparatively newcomer to politics, who received 154,779 ballots.

The man who ran third has remained almost as important in the runoff as he has been as a candidate. He is State Senator James A. Noe, former governor, longtime friend of Huey Long, protégé of the Klugfish, respected by thousands who venerated Huey.

As soon as it became obvious he was eliminated from the second race, he pledged his support to Jones and took the stump for him. The outcome of Tuesday's election depends largely on whether he can swing the bulk of the 115,925 votes he received to Jones, whom the Earl Long strategy has been to paint as a corporation creature, an embodiment of anti-Louisianism.

INSISTS ON PAYING MORE TAX THAN DUE

Bethlehem, Pa., Feb. 17.—(AP)—Here's a person who insists on paying more taxes than are due.

A former Bethlehem worker, now living in Long Beach, mailed to City Treasurer Earl E. Schaefer \$6.04 to cover unpaid personal property taxes.

That was \$4.53 too much, so Schaefer returned the difference.

Back came the check and a note declaring: "I feel that I owe it to the city."

Improving Race Relations

New York, Feb. 17.—(AP)—A heterogeneous group of persons were chosen today for distinguished achievement and the improvement of race relations during 1939.

Mrs. Franklin D. Roosevelt, Joe Louis, Marian Anderson and Benny Goodman were among those selected in a nation-wide poll conducted by the Schomburg collection of the New York public library and the Association for the Study of Negro Life and History.

FOREIGN AID IS HERE, CLAIM OF FINNISH CHIEF

Baron Mannerheim Is Urging Defenders To Stand Firm

Helsinki, Feb. 17.—(AP)—Finland's grizzled supreme commander Field Marshal Baron Mannerheim, tonight reassured the nation that foreign help "is coming continually" and exhorted the Mannerheim line defenders to hold firm to the new defenses to which they have withdrawn under the weight of the Red army's 17-day offensive.

This stirring appeal by the 73-year-old supreme commander, who spoke confidently of "every possibility of victory" followed reports of a smashing Finnish victory on the eastern front with Russian dead numbering 1,800, but also grim admissions of a further retreat on the vital Karelian Isthmus.

No Longer Alone
"Our nation no longer fights alone," Baron Mannerheim declared. "From abroad there already has come aid to a considerable extent and it is coming continually."

"You can rest assured that the enemy never will be able to break my defensive system, if from a deep formation we raise new fortified positions to wear down his offensive power until the end."

"The moment has come when by strong and vigorous measures the enemy's attack must again be stopped at the new defense line, to the support of which I have directed from my reserves, new forces and artillery."

"Soldiers of Finland We must stand without faltering. The development of the situation gives us every possibility of victory. The Finnish nation stands behind us and trusts us. Let us be firm."

Echoing the thunderous roar of battle in the Karelian Isthmus and the eastern front were the explosions of hundreds of bombs dropped by Red army bombers ranging over southern Finland.

Three air raid alarms were sounded here, and enemy bombers were extremely active, over southern and southwestern Finland. Two women were killed at Viipuri while in central Finland several persons were reported killed.

Also bombed were the towns of Tampere, Rauma, Pori and Loikka.

Official reports said several Russian planes were shot down.

Air Subsidies And Dirigible Building Requests Of Navy

Special Navy Board Gives Results Of Study On Current Needs

Washington, Feb. 17.—(AP)—Construction of more naval dirigibles and government aid for commercial airship lines was recommended today by a special navy board.

Large lighter-than-air craft have military and commercial possibilities which the United States alone can exploit because of its virtual monopoly of non-inflammable helium gas, the two-man board reported the Secretary Edison. Its members were Rear Admiral Ernest J. King and Captain Garland Fulton.

Urging a resumption of American airship developments which were interrupted by the loss of the naval dirigibles Akron and Macon, the board recommended:

A five-year, \$10,000,000 naval program, involving construction of a 650-foot dirigible which Congress already has authorized, and ten or more non-rigid "blimps."

Construction "at an appropriate time" of two dirigibles larger than the Akron and Macon, designed for use as long-range aerial scouting cruisers and aircraft carriers, which would be two-man from mines, torpedoes and submarines.

Federal subsidies, through an agency such as the Maritime Commission or the Civil Aeronautics Authority, for commercial airships which in time of war could be converted to naval uses.

Administrators Of Schools Will Meet

St. Louis, Feb. 17.—(AP)—About 4,000 Missouri and Illinois superintendents and other school executives will attend the national convention of the American Association of School Administrators to be held here Feb. 24-29. Total attendance is expected to exceed 12,000.

The association is a department of the National Educational Association. About 35 related organizations will begin holding preliminary meetings next week.

Speakers at the general sessions will include Paul V. McNutt, Social Security administrator and a candidate for the Democratic presidential nomination; William L.yon Phelps, noted educator, and Irvin S. Cobb.

Plans are being made to receive a delegation of 2,500 school leaders from Illinois. The Illinois Education Association will have a special breakfast Tuesday morning, Feb. 27.

FARLEY CHOICE OF CONVENTION DATE JULY 15

Does Not Conform To Roosevelt's Late Convention Idea

By the Associated Press
Political developments yesterday: July 15 was selected by Chairman James A. Farley as the date for the Democratic National Convention at Chicago.

Senator Wheeler announced he would not seek Democratic delegates in any primary where President Roosevelt's name is entered.

The Ohio Democratic organization declared that the president should have support of the state's convention delegation if he seeks renomination.

Petitions were filed to place the president's name on the Nebraska primary ballot April 9.

Senator Taft announced he would not enter the Wisconsin presidential primary.

Senator Wheeler of Montana, in a statement widely interpreted as meaning he was determined not to be drawn into any "stop Roosevelt" movement, said last night that he would enter no primaries where the president's name is before the voters.

This announcement from Wheeler, who has declared his own availability if the president does not seek a third term and has contended Mr. Roosevelt should not be drafted, climaxed a day of varied political developments, including the selection of July 15 as the date for the Democratic National Convention in Chicago.

Will Avoid Split
Wheeler told reporters at Washington that he had made this decision because he had "no desire to split up the liberal and progressive forces of this country"—a division he said might cause the nomination of a reactionary Democrat and result in a third party movement.

Chairman James A. Farley called the Democratic meeting for a date exactly three weeks after the Republican National Convention is to convene in Philadelphia on June 24.

His announcement, at Miami, Fla., brought the comment from Republican Chairman John Hamilton that "it looks like some of the Democrats don't think President Roosevelt's late convention idea was so hot after all."

White House circles had indicated several weeks ago that the president was desirous of shortening the political campaign by delaying the convention dates.

Retired Officers Will Be Recalled

Washington, Feb. 17.—(AP)—The war department is preparing to recall 300 retired officers to active duty in connection with the army's current expansion.

Officials said today the officers will be used largely for such assignments as training reserve officers in colleges, thereby relieving regular army officers for active duty with troops.

Funds were asked in war department budget proposals, pending in Congress.

Corps area commanders already have made surveys of the retired officers in their areas who might be available for active service.

Officers are retired chiefly upon reaching the age limit of 64, voluntarily after 20 years service, or for disability. The retired officers will supplement the services of commissioned reservists, several hundred of whom already have been ordered to active duty.

Complete Thirteen Oil Wells In State

Centerville, Ill., Feb. 17.—(AP)—Thirteen Devonian wells with a combined potential of 51,952 barrels a day were completed in the Lake Central-Salem field this week, probably the greatest flush production for a single week in the history of the Illinois oil development.

Some of the wells were given a daily rating on the basis of three to 13-hour production tests but the operators were confident most of them would justify the estimated potential if allowed to flow for the full 24 hours.

The Texas company's No. 13 Fossleck, was rated at 9,888 barrels, biggest of the 13 on the basis of a three-hour gauge when it produced 1,235 barrels.

Ickes Accuses Stelle Of Oil Law 'Blocking'

Washington, Feb. 17.—(AP)—Secretary Ickes accused Lieutenant Governor John Stelle of Illinois tonight of "blocking" oil conservation legislation in his state while holding "financial interest" in commercial oil companies.

The secretary made the charge in an address prepared for the George Washington University Medical Society annual dinner. He called upon the medical profession to assist the government in its efforts to conserve the nation's natural resources.

"Some states, such as California which is the second largest oil producer and Illinois, which ranks fourth do not even pretend to have conservation laws," he said.

Reckless Waste
"The result, particularly in Illinois is reckless waste of the wealth of the people."

"In that state we find a lieutenant governor, theoretically elected to serve the interest of the whole people of his state, blocking a much needed and sound oil conservation law while being at the same time financially interested in oil properties."

"Unfortunately, not only in Illinois, but elsewhere we discover a nauseous mixture of oil and politics."

Ickes called attention, also, to what he said was progressive destruction of the nation's timber land by commercial lumbermen and the denuding of western ranges by overgrazing.

Springfield, Ill., Feb. 17.—(AP)—Lieutenant Governor John Stelle of Illinois tonight disputed an accusation by Harold Ickes, secretary of the interior, that Stelle had blocked oil conservation legislation.

"I have always been for any legislation that would permit the orderly development of Illinois oil fields that we are entitled to," Stelle said.

DWIGHT GREEN WOULD REDUCE JOBLESS RANKS

Says State Government Can Contribute To Real Solution

Peoria, Ill., Feb. 17.—(AP)—Dwight H. Green said tonight "The greatest problem confronting the American people at this time is unemployment."

The Republican candidate for the gubernatorial nomination, in an address prepared for delivery over Radio Station WMBD, asserted that in Illinois alone the state department of labor has estimated that between 800,000 and 900,000 industrial workers are unemployed.

"Add to this figure the number of those who unsuccessfully sought employment in agriculture and the thousands of graduates of our high schools and colleges who have offered their services for the first time on a glutted labor market, and we arrive at the grand total for the state of Illinois in excess of a million," he declared.

Local Aspects
"While the problem of finding work for them is essentially national in scope, its aspects have been unduly minimized by the present Democratic administration."

"It is obviously true that the state government can contribute materially to the alleviation of its own unemployment."

"The governor of Illinois can contribute to the realization of this objective in several different ways. He can first of all xxx of material assistance in selling new industry on the advantage of settling in this state."

"A competent governor can by the exercise of rigid economy remove a horde of office holders who perform no useful function."

Harmony Aims Are Disrupted A Second Time

Lieutenant Governor And Barrett Assure Primary Battles

Springfield, Ill., Feb. 17.—(AP)—Lieut. Gov. John Stelle decided tonight to enter the race for the Democratic nomination for governor—a contest that will pit him against Harry B. Hershey, the candidate endorsed by the party's state central committee.

In announcing that he would run, Stelle criticized the "self-appointed dictators of Illinois" and reported that he was prompted to make the move by the reaction expressed by thousands of rank and file Democrats regarding the so-called harmony slate selected and handed to the state central committee for rubber stamp approval.

His statement was the second open attack on the ticket approved here last Friday and Saturday by Mayor Edward J. Kelly of Chicago, National Committeeman P. A. Nash, Governor Henry Horner and other chieftains and by members of the central committee.

Barrett's Stand
They chose Hershey, chairman of the state committee, to seek the gubernatorial nomination when Governor Horner elected to remain out of the primary because of ill health. Stelle was supported for renomination. The name of State Auditor Edward J. Barrett of Chicago was omitted. But Barrett promised he would fight to retain his post "with both fists swinging."

"I have always been for any legislation that would permit the orderly development of Illinois oil fields that we are entitled to," Stelle said.

Stelle, a resident of McLeansboro, lieutenant governor since 1936 and acting governor during Horner's recuperation from illness last fall and winter, declared:

"Since the announcement of the ticket I have received thousands of letters and telegrams from Democrats everywhere in the state, protesting against the choice of the committee and demanding that I announce my candidacy for governor so that they may have the opportunity to exercise their right of franchise at the regular party primary."

Refers to "Dictators"
"The picking of the so-called harmony slate in a large part was engineered and carried out by the present self-appointed dictators of Illinois who, taking advantage of the continued illness of Gov. Horner, have usurped not only the powers of the governor himself, but those of many of his directors and now seek to take from the members of the Democratic party their right to choose their standard-bearers."

"It is my feeling that the citizens of Illinois want no self-appointed, self-perpetuated government. Americans demand the right to choose their leaders."

Stelle asserted he had planned to run for governor this year if Gov. Horner decided against a third term added:

"From the encouragement I have received I am confident of victory."

The lieutenant governor told reporters he would file petitions bearing approximately 60,000 names next Monday. He denied reports that he would attempt to form a slate of candidates opposed to the committee's ticket.

He said he had no plans to team with Barrett or with State Rep. Benjamin Adamowski of Chicago, who was reported to be considering a campaign for the Democratic senatorial nomination.

Petitions were being circulated here tonight to place Adamowski in the senatorial race before the midnight Monday deadline for filing. Petitions also were reported in circulation in Chicago. Adamowski declined to comment, but said he might make a statement Monday.

At the executive mansion, it was said by aides of Governor Horner that there would be "no comment tonight" on the new turn of affairs which left the administration ticket without a lieutenant governor candidate.

Louie E. Lewis of Christopher, who was endorsed by the state central committee for congressman at large, went into conference with the governor at the mansion tonight.

Lewis, prior to the committee's action on ticket endorsement, had been mentioned as a candidate for one of the higher posts on the slate. He had not formally accepted the committee endorsement and earlier today declined to make a statement on his attitude.

Stelle's campaign for governor might shake up considerably the slate endorsed last Saturday. State Senator Harold G. Ward of Chicago, friendly with the Kelly-Nash forces, was another who has been mentioned prominently as a possible successor to Stelle before the state central committee met, when it was rumored Stelle might be left off the slate. Ward was endorsed for attorney general.

Aerial Speculation

Suppose the German forces on land, sea and air launch against England an attack to the utmost of their power in the spring, as threatened six months ago, just what effect will it produce?

Will London, Glasgow, Manchester and other cities be widely wiped out by millions of bombs from the skies? It is generally believed that such utter horror would result.

True, such a war would be terrible in its destruction of human life and property.

But Great Britain has been preparing without limit against just such a possibility. War in the air between all that Germany could send for attack and all that England could offer for defense would be something almost unimaginable. But the very fact that the fight would be mainly in the air between two fleets, tends to lessen the probability that destruction of cities and killing of civilians would be as great as the war dreamers have described in theory.

Russian air attacks on small and poorly equipped Finland have produced less destruction than thought possible for the forces used. Unshaken confidence of England in her defense measures indicates that excess of armament may defeat its very objective.

Testimonial For Papers

Newspapers could hardly hope for a better testimonial than is provided by Solomon Barnett.

He appeared as an applicant for his final citizenship papers in Supreme Court in Utica, N. Y., the other day. This baker, who is 52 years old, ended his formal school in Poland when he was but 14.

About five years ago, after having been in the United States since 1911, he began to study the newspapers in order to perfect his knowledge of English.

It went slowly at first, but gradually he improved his ability to speak and write English so that he passed his literacy test easily, according to school officials.

Justice Cross referring to Mr. Barnett as a "self-educated gentleman," took occasion to commend his accomplishment highly.

In a joking way Will Rogers used to say "All I know is what I read in the papers."

That can be stretched to take in a lot of territory for those who go at it seriously, as did Mr. Barnett.

He Likes Horses

Dr. John Edmund Haddon of Bath, N. Y., still makes his daily rounds with a horse and buggy. He says he knows it's a bit old-fashioned, but he will continue to use his ancient means of transportation for two reasons: because he loves horses and because "I have reached a state of mind where I propose, for the residue of my days, in so far as possible, to follow my inclinations."

If he can get away with it, the good doctor will be going what most of us never quite have the courage to do—living his own life, all by himself, unmoved by the new automobile of the people next door or the picturesque bonnet of the neighbor to the right.

Perhaps it isn't strictly according to the code of progress, but Dr. Haddon

SMALL TALK

Good morning. Interesting to note that one of George Washington's descendants has a profile very similar to that of the Daddy of the United States. Selden Washington, who "never had political aspirations," looks from the proper angle a great deal like his famed ancestor of seven generations back. Seems almost too bad that Selden doesn't run for congressman or something, but he refuses to run the risk of soiling his hat in the dust of the political ring.

Plenty of aspirants to government office would attempt to capitalize on such a natural resource. The forehead of a Webster, "the chin of a Calhoun" (of which there was much), "the stature of a Lincoln" and so forth, ad infinitum. We know several with mouths like the Grand Canyon, but that is one famous character the resemblance to which nobody cares to boast.

Every once in a while the old argument of "romanticism versus realism" pops up. It really isn't much of an argument, but we always object to the rather general conception of the two terms. One is accustomed to taking the words literally, considering that a "romantic" writer or painter deals with things which are not of this earth, while the "realist" deals only with what actually exists. Going then to the works of many so-called realists, and finding that they emphasize the unpleasant, ugly, and even the obscene, one decides that "that guy knows what he is talking about. He knows life as it really is... with all its unhappiness and 'pain.'" Comes a "romanticist," telling a happy story with a happy ending, and his work is condemned as being "fairly tame stuff."

So what it comes down to is very often this: "Romanticism" is taken to mean beauty, happiness, which are not real. "Realism" means ugliness and sorrow, which are real. That's kinda crazy, isn't it? Just why a writer must sloop around in unpleasantness and obscenity in order to have it said of him that "he tells of life as it really is," we have never been able to understand. You gotta suffer, boy oh boy, how you gotta suffer! Then you gotta write about people who suffer—probably because they are down-trodden and oppressed—and you gotta make everybody who reads your work suffer. If you succeed in doing all that, you "know life!" Phooey!!

Any time happiness, cleanliness, and success aren't just as real and important as the evidently more popular vice versa, we'll eat your Sunday shirt.

It is because "romanticism" and "realism" have come to carry these meanings for many people that we object to them. Think of them, if you must think of them, as classifying two different approaches to life—one just as real and earthy as the other.

Well, our sermon for today. Sometimes we have to sit back and chuckle at ourselves for tearing off in a rather preacherish fashion. But that doesn't mean we aren't sincere in our "preaching." Well... off to another subject.

Have some very fine poetry in front of us today. One is from a new contributor. The piece has no title:

The answer? Is there one? As deep in dreams
I stood, the cold night air brushing
across my face.
The moon in silver glory shined upon
The sleeping earth, then resting from
the next.

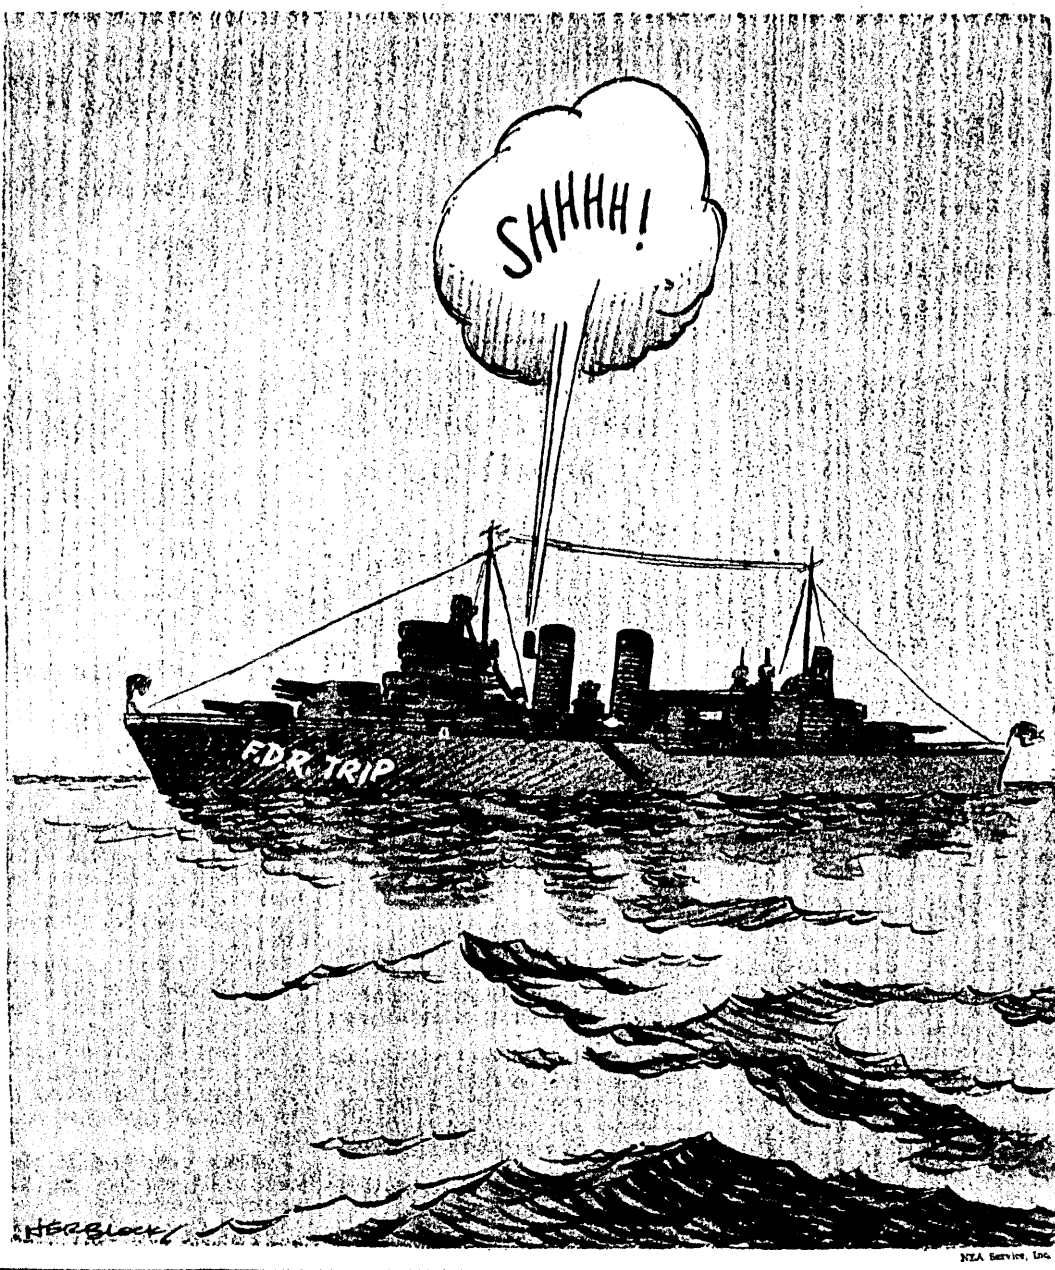

Of day, Beside me Peace stood quietly.

Charles A. Gray Of Near Franklin Dies

Well Known Farmer Passes Away Friday Night; To Hold Funeral Sunday

Franklin, Feb. 17.—Charles A. Gray, 67 years old, a well known farmer residing four miles south of Franklin died Friday night at 10 o'clock at his home.

Mr. Gray was born March 17, 1872, at Scottville. He is survived by his wife, Mrs. Alberta Gray; two daughters, Elsie Gray, Springfield, and Mrs. Robert Doyle, Winchester; one son, Clyde Gray of Jacksonville; one sister, Mrs. Mary Sampson of Girard, and four grandchildren.

Funeral services will be held Sunday afternoon at 2 o'clock at the Christian church here, with interment in the Franklin cemetery.

RECEIVES WORD OF DEATH OF SISTER

Mrs. Clark Stevenson has received word of the death of her sister, Mrs. Annie Reed Conlin of Greenfield. Mrs. Conlin passed away suddenly, following a heart attack at 5 o'clock Friday afternoon. She was a former resident here and has many friends in Jacksonville.

The funeral services will be held Sunday at 5:30 o'clock at the Shields funeral home at Greenfield.

ATTENTION, W.R.C.

The regular meeting of the Woman's Relief Corps will be held at 2 o'clock next Friday afternoon at the American Legion home. A patriotic program will be given by the corps patriotic instructor at 3:15 o'clock. Guests are invited.

Special Music At First Service Of Preaching Mission

Announce Numbers on Program at Initial Union Meet Here Sunday Night

All who are lovers of good music will want to be early at the first service of The Preaching Mission on Sunday evening, to enjoy the fifteen minute organ recital by Miss Lillian Braden, the organist of Grace church, from 7:15 to 7:30 o'clock.

This first service of this week of united meetings promises to be a great gathering of the church people of Jacksonville. The service of worship which will precede the sermon has been prepared with special care by a committee of the ministers, and includes an unusual degree of participation by the congregation. It is especially strong on the musical side, as it includes the large high school chorus under the direction of Miss Lena Mae Hoyer, in three exceptionally beautiful numbers: Shelley's "Hark, Hark, My Soul," "Christian the Morn Breaks Sweetly 'ere Thee," and Bach's "Rejoice and Sing."

In addition, the congregational singing of old and familiar gospel songs and church hymns under the leadership of Homer Wood will be an inspiration to all who love to sing. A very special feature will be the presence of Miss Beniah Stewart with her marimba. Miss Stewart will play worship music during the "Quiet Moments" of Meditation. The service will begin promptly at 7:30. Late comers will not be seated during the "Quiet Moments" of the "Quiet Moments."

These services during this week offer an interesting opportunity for the people of the various churches to hear other preachers than their own, and for those who attend no church to hear some most significant messages.

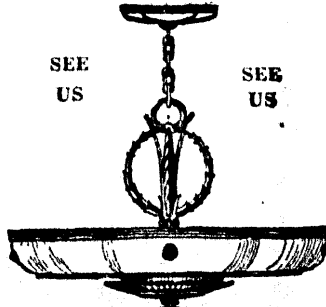

MISS RUEKERT TO SING

Miss Carolyn Ruekert, lyric soprano, will be the soloist at the State Street Presbyterian church Sunday morning. Miss Ruekert will sing "Come, Ye Blessed" by Scott.

Mrs. Butler Dies At Griggsville

Widow of Late John Butler Of Pike County Passes Away Friday

Griggsville.—Mrs. Clara Beecher Butler, widow of the late John Butler, died at the home of her son, Ernest Butler, in this city at 2 o'clock Friday afternoon. She was born Dec. 21, 1857, at Summer Hill, a daughter of James and Sarah Daish Beecher. She was married March 9, 1876, to John Butler, who preceded her in death twelve years ago.

To this union ten children were born, six of whom survive. They are John and William Butler of Baylis, Joe of Pittsfield, Ernest of Griggsville, Mrs. Bertha White of Perry, and Mrs. Bonnie Moore of Fort Madison, Iowa. She leaves also two sisters, Mrs. Grace Hines of Lincoln, Neb., and Mrs. Elizabeth Butler of Griggsville, and one brother, Frank Beecher, also of Griggsville, as well as several grandchildren, nephews and nieces. She was a member of the Methodist church.

Funeral services will be held from the Skinner funeral home at 2 o'clock Sunday afternoon.

Famous Film Will Be Shown in City Sometime in March

"Gone With the Wind" Will Be Brought to Local Theater, Manager Says

Manager Ralph Bartlett of the Fox theaters announced Saturday that he has signed a contract for the showing of "Gone With the Wind" at the Fox-Illinois. Mr. Bartlett completed arrangements for the famous film in St. Louis recently. The date is yet uncertain, but the picture will be shown sometime in March.

Mr. Bartlett said he had received so many inquiries as to whether the picture would show here that he was eager to settle the question. The film will be full length, the same as was given its premier showing in Atlanta, Ga. It will show here for one week.

It is planned to run three shows each day, beginning at 10 o'clock in the morning. There will be two shows during the morning and afternoon and one beginning at 8 o'clock each evening. The show is about four hours in length, with an intermission.

Mr. Bartlett said he could not state the exact date because that had to be approved by David O. Selznick, the producer of "Gone With the Wind." All dates for showing must be so approved. A representative of the producers travels with the film.

Around The SQUARE

The pioneers who laid out farms in Morgan County at first depended solely upon neighboring creeks and springs for their water supply. As soon as the land had been cleared and planted, and their houses had been made as snug as possible against the winter's blast, the early farmers sought water more convenient to their homes. Wells were dug and buckets on ropes brought the sparkling water to the surface. Not long after, hand-operated pumps speeded up the operation, and at a later date, windmills put the breezes to work pumping the large amounts of water needed daily on the farm.

Today our power lines carry electricity far into the outlying farm country, supplying power for pumping, aid for operating all kinds of farm equipment. Electricity provides lighting for farm homes, barns, and poultry houses, encouraging the hens in winter to greater efforts. It operates mechanical milking machines, separates the cream, churns butter. Through the radio, it provides entertainment during the long winter evenings. And in many other ways, the electricity we supply lightens the load, and makes modern farming less wearisome every year.

OFFICIALS OUTLINE P. T. A. OBSERVANCE OF FOUNDER'S DAY

February is the month for Founders' Day programs in the Parent-Teacher associations and all units have been asked to observe it with appropriate programs. Mrs. J. W. Hey-

lum, state chairman of Music and Art, has prepared a list of suitable musical selections, which may be secured from the National Congress of Parents and Teachers, 600 South Michigan avenue, Chicago. "Mothers' Hymn" by Helen Grinnell Mears, daughter of the late Mrs. D. O. Mears, who originated the plan for the annual observance of Founders' day is suggested as particularly appropriate. "A Little Child Shall Lead Them," by Mrs. F. L. Jacard, and "My Tribute," words by Mrs. Milton P. Higgins, former national president, to the music of "Maryland, My Maryland," are other numbers on the list.

South Jacksonville P.T.A. Observes 15 Years of Activity

Association Holds Program
Friday; Has Given \$2,500
To School Projects

South Jacksonville P.T.A. met Friday afternoon, celebrating the 15th anniversary of the association. Many presidents and old members were present and told of activities during their term of office.

Mrs. John H. Lee, district president, gave a talk on "Founders' Day" and Mrs. Lester Reed spoke on "Child Welfare." Interesting moving pictures were shown, including, "The House Fly," "The Feet," "The Romanic Argentina."

It was estimated that about \$2,500 had been made by the group and spent on playground equipment, books, chairs, radio, piano, dishes, curtains, projector and many things needed by the children. All through the work of the P.T.A. The children make their own money for the athletic program with splendid cooperation from the entire school.

Officers for the first year were as follows: President, Mrs. Ben Lorton; vice-president, Miss Wright; secretary, Mrs. Harry Clark; treasurer, Mrs. Charles Hackett; Mrs. El Young, program chairman; Verna Arenz, health chairman. Past presidents include—Mrs. Ben Lorton, Mrs. Harry Clark, Mrs. Ralph Crabtree, Mrs. Fred Henderson, Mrs. Howard Anders, Mrs. Woodford Gardner, Mrs. Bert Cole, Mrs. Arthur Reeve, Mrs. William Winchester, Mrs. R. D. Robins, Mrs. Lester Reid, Mrs. Raymond Griffith, Mrs. Russell Brailey. Most of the officers for the first year were present. The first programs were read and proved very interesting to the group. Thelma McGee, president, was in charge of the meeting, which was followed by a social hour and the serving of refreshments. The entire meeting was outstanding and was enjoyed by all present.

Flo Jamison Miller Dies; Was Leader In Women's Work

Former Monticello Woman Once National Head Of Women's Relief Corps

Mrs. Flo Jamison Miller (Mrs. W. Scott Miller), long prominent in women's work in the state and nation, died at the home of her daughter, Mrs. M. J. Donahoe, Saturday morning, Feb. 17, Mr. and Mrs. Miller have been living in Jacksonville since moving here this summer from Monticello, Ill.

Long active in patriotic work, she was known over the United States for her philanthropic work in connection with the soldiers of the Civil war. She has served as national president of the Woman's Relief Corps, auxiliary to the Grand Army of the Republic, as well as state president of the order.

She was the principal factor in the establishment of the home for soldiers' widows and mothers at Wilmington, Ill., later serving as superintendent of the institution for 14 years.

She was the originator of the first flag law which was presented to the state legislature; was instigator of the law which provided that no soldier's wife or widow or mother should be buried in the potter's field, and was the author of the measure which was presented providing for the teaching of the Life of Lincoln in the public schools.

Mrs. Miller has long been interested in women's political work and in the early days of women's activity in that field served as state chairman of the Republican women of Illinois. She has also served as secretary of the National Council of Women of the United States as well as in various positions in the State Federation of Women's clubs.

Funeral services will be held in Monticello, Ill., Monday, Feb. 19. The remains are at the Gillham funeral home.

D.A.R. State Regent Will Speak in City

Miss Helen McMachin Will Be Guest of Chapter Thursday Evening

Miss Helen McMachin, of Salem, State Regent of the Daughters of the American Revolution, will be the guest speaker at the Washington birthday meeting of the Rev. James Caldwell Chapter to be held Thursday evening at the Chapter House.

Mrs. M. S. Zachary, regent of the chapter, has announced that this meeting with the ex-regents as hostesses, according to a time honored custom Mrs. William Barr Brown will be the presiding regent. Miss Ellie Trabue and Mrs. Carl E. Black will pour at the table during the social hour.

The program will include many fine numbers, a brief address by Carl E. Robinson and musical numbers by Miss Mabel McGehee and Joseph Cleveland, of the MacMurray faculty of music. Mrs. George Drennan is program chairman.

An interesting feature of the meeting will be the celebration not only of Washington's birthday but that of former Governor Joseph Duncan, whose birthday date was February 22, and whose home is the chapter house of the society.

MISS JANE LYMAN FIRST IN SPEECH CONTEST FRIDAY

Miss Jane Lyman, freshman from White Hall, won first place in the Wesley-Mathers speech contest held Friday evening in Music hall at MacMurray college. She read "The Tuft of Flowers" by Robert Frost, which was the poem selected by the speech faculty for every contestant to read, and two shorter poems by Margaret Wildemer, "Homes" and "I Did Not Know," all of which she interpreted with deep feeling and understanding.

Miss Betsey Purnell, freshman from Carrollton, placed second, reading as her own selection, "Lament" by Edna St. Vincent Millay, which she did with a real sympathy for the meaning. Honorable mention went to Alice Finney, also a freshman and from Topeka, Kas., who gave an able interpretation of "Childhood Is the Kingdom Where Nobody Dies" by Edna St. Vincent Millay.

Miss Lyman will receive \$17 as first prize, and Miss Purnell \$8. The other contestants, who all did excellent work, were Shirley Benson, Eleanor Jones, Ellen Johnson, Harriet Layne, Helen McElwain, Betty Primin, and Jane Shurig.

years ago at MacMurray College by
President McClelland in an effort to
acquaint MacMurray College students
and others in the community with
important public affairs. The insti-
tutes throughout this period have
ranged from Pan-American Relations
through national problems, religious
problems, social problems, and last
year the problem of economic oppor-
tunities for women.The institute will open on Monday,
February 26, at 8:15 p. m., with a lec-
ture in Music Hall by Professor May-
nard C. Krueger of the University
of Chicago. Dr. Krueger will speak
upon the subject "The Economic Basis
of a Durable Peace."Tuesday, February 27, will be given
over in its entirety to the institute.
At 9 a. m., Professor Quincy Wright
of the University of Chicago will
speak upon the topic of the "Contri-
bution of American Foreign Policy to
a Durable Peace." This session will
be followed at 10:15 a. m., by an
inter-collegiate debate between North-
western University and MacMurray
College. The title of the debate will
be "Resolved: That as our contribu-tion to a Durable World Peace, the
United States should adopt a policy
of strict economic and military isolation
towards all nations engaged in armed
international or civil conflict outside
the western hemisphere." Following
the inter-collegiate debate, at 11:15
a. m., a general question period
will be held at which time the au-
dience will have opportunity to hand
in their written questions to the var-
ious speakers of the institute and re-
ceive a discussion of these questions.
MacMurray will be represented in the
debate by Mary Butler, senior, and
Virginia Allen, sophomore.This year only one session will be
held in the afternoon. This session
will be held at 2:30 when Reverend
Albert Buckner Cole of the First Con-

I. S. D. Grade School Basketeers Take Championship Here

Chapin Prepares For District Tournament; Teams Well Matched

Chapin, Feb. 17.—Eight high school teams, any one of which is believed to have a chance for the championship, will clash in the Chapin district tournament next week, Feb. 21 to 24. The squads are probably as evenly matched as any that will compete in any central Illinois tournament. The winner and runner-up of the Chapin district games will go to the Virginia regional tournament the following week.

Principal L. A. Price of the Charles S. French Community High school of Chapin will manage the district event. Referees will be Principal Gale F. Underwood of Industry High school and J. M. Hollowell, a faculty member of Jacksonville High school. Warren Smith and Harold Brockhouse, both of this place, will serve as scorers and time.

The schedule will be:
Wednesday, Feb. 21.
Game 1, 7:30, Chapin vs. Meredosia.
Game 2, 8:45, Murrayville vs. Arenzville.

Thursday, Feb. 22.
Game 3, 7:30, Chambersburg vs. Woodson.
Game 4, 8:45, Alsey vs. Franklin.
Friday, Feb. 23.
Game 5, 7:30.
Game 6, 8:45.

Saturday, Feb. 24.
Game 7, 7:30, consolation.
Game 8, 8:45, championship.

Arenzville Is Contender.
Coach Wilfred Rice of Arenzville, who is finishing his fourth year in his position, has a Blue and White team that offers plenty of dynamite for somebody in the forth coming tournament. Arenzville High school is a member of the P.M.B.C. conference with a standing of five wins against four losses. They took second in the conference tournament in Meredosia during the last part of January, and on Feb. 9 they defeated Chambersburg which was leading the conference, by a 42-40 margin.

Coach Rice's squad composed of four seniors, five juniors three sophomores and two freshmen, have mostly all been playing together for the last three years. There are some dangerous point makers on this squad that are at present riding the crest of a "hot" streak.

Murrayville Dangerous.
The Murrayville Shadows coached by Coach Raymond Walker's Red and White boys from that red hot basketball town at Chambersburg are in the top half of the lower bracket. They will open the second night of competition when they oppose Woodson at 7:30 on Thursday evening. They have won 13 games and lost 6 to date and tied for first place in the P.M.B.C. conference and are in fifth place in the Pika county conference. They also won first place in the P.M.B.C. conference tournament recently held in Meredosia.

The total number of boys in school is 13, the total number of boys out for basketball is 13, and when Coach Walker plays both a first and second team game in the same evening it is pretty nearly a dead end that every one of the 13 boys will have to play. There is not a senior on the squad, being seven juniors, three sophomores and three freshmen. When one considers that Chambersburg has not played basketball in a gymnasium until this year and takes a look through their halls at the number of trophies it has won, it is almost a foregone conclusion that unless these boys who are reared with a basketball in their hands should undoubtedly go on adding trophies to their list.

Consignment and donation sale, Thurs., Feb. 29th 10:30 a. m., Franklin Methodist Church. Lunch will be served. Finis Seymour, Auct. Sam Camm, clerk.

by Principal John L. Conant have always been able to give a good account of themselves in any kind of athletic competition. Especially has this been true in basketball over a number of years. The 1940 edition of Mr. Conant's Shadows is made up of seven seniors, five juniors, three sophomores and two freshmen. They are a member of the Little Seven conference and won second place in the conference tournament.

They hold victories over Modesto, Franklin, Woodson, Chapin and also one over the highly touted Routt. The Shadows have not consistently shown the finesse and power that led them to a victory over Chapin in the meet last year in their first game and subsequently to the championship of the district. The fact that the Murrayville Shadows won their first game in the district tournament last year from Chapin after having lost to the same team in regular competition and the fact that they are defending champions this year should make them a hard team for anybody to put out of the tournament.

Chambersburg's Chances.
Coach Raymond Walker's Red and White boys from that red hot basketball town at Chambersburg are in the top half of the lower bracket. They will open the second night of competition when they oppose Woodson at 7:30 on Thursday evening. They have won 13 games and lost 6 to date and tied for first place in the P.M.B.C. conference and are in fifth place in the Pika county conference. They also won first place in the P.M.B.C. conference tournament recently held in Meredosia.

There is not a senior on the squad, being seven juniors, three sophomores and three freshmen. When one considers that Chambersburg has not played basketball in a gymnasium until this year and takes a look through their halls at the number of trophies it has won, it is almost a foregone conclusion that unless these boys who are reared with a basketball in their hands should undoubtedly go on adding trophies to their list.

Alsey Has Veterans.
Supt. John W. Robinson brings another Red and White team to the tournament which offers plenty of dynamite for anybody. Alsey is a three year high school and on the squad there are seven juniors. Of

this group of boys most of them have played together since in the upper grades. The Alsey boys were winners of their District Tournament last year and so this makes Chapin having two last year's District winners in this year's competition.

The Alsey team took third place in the Tri-County League Tournament held at White Hall in November, but since that time have shown much improvement. Their record shows eighteen wins and eight losses including a lop-sided victory over Chambersburg which is the logical choice to show much opposition to Alsey's reaching the semi-finals. Alsey comes the nearest of any school in the tournament of having some outstanding stars in Clement Welch and Billy McGlasson. According to dopesters if Alsey can again trim Chambersburg in the semi-finals they stand a good show to repeat as district winners this year.

Franklin Is Dark Horse.
Coach L. E. Laughman who has been for the last 12 years the basketball and other athletic mentor at Franklin brings his 1940 edition of Orange and Black Plasies to Chapin for the tournament as a dark horse. Up until a month ago little had been heard of from Franklin excepting that they were the stepping stone for almost everybody to gain another victory.

However, in the last month or six weeks Laughman has been accomplishing something with a group of boys who are all playing their first year of varsity competition. His squad finished in the "hole" in the Little Seven Conference despite the fact that they have been making some wonderful showings recently. Franklin has an almost impossible job to accomplish in getting by Alsey but things looked about that bad for Franklin before their Arenzville and Waverly games, both of which they won. In this connection it is not idle to consider also that Arenzville has recently taken the measure over both Chambersburg and Chapin who are well represented in their P.M.B.C. Conference. So maybe Franklin isn't so bad after all.

The Franklin team placed fourth in the Ashland tournament where they also won the sportsmanship trophy. Now, As For Chapin—Coach Tommy Svob, who is serving his first year as basketball strategist for Chapin's Red and White Bearcats, has had an interesting year along with partially successful one. The Chapin Bearcats have shown remarkable power and at times a real power house in the scoring column. The Chapin aggregation as hosts of the tournament offer about as problematical a hazard as any team to be represented. In early December he lost William Harrington and Paul Nash for a period of about eight weeks, and then during the Christmas holidays, James Spires, a guard, was the victim of a hunting accident. Since Christmas Coach Svob started to develop young Bob Harrington to partially fill his big brother's shoes and things began to look better until

time for the P.M.B.C. Conference tournament at Meredosia, when Cecil Griffin became sick and Wendell McNeil's father was taken seriously ill and confined in the hospital in Jacksonville. Coach Svob recently said that he just wonders if there is anything else that can actually happen to a basketball team.

It looks like that if Griffin should be able to come back and play in the tournament along with the return of Paul Nash and William Harrington, Coach Svob might have just the balance of scoring power and reserve strength to surprise some of the boys and the community as well to come through for a very favorable position in the final showings of the tournament.

Where Control Really Counts

Friedl Pfeifer, U. S. Open Slalom champion, illustrates the form that makes him tops in his field as he sweeps through a slalom gate at Sun Valley, Ida.

Old Man Traveling West

Philadelphia, Feb. 17.—(AP)—An old man is traveling west today in quest of a chance.

It isn't health that he'll seek in the Southern California sunshine, though his 77 years and two nearly fatal illnesses have taken their toll.

Rather Connie Mack is journeying toward the sunset with one hope—a baseball team good enough to make the first division of the American league.

It's not as if Mr. Cornelius McGillicuddy had never known the excitement of being a winner. He has won nine pennants and five world championships but that was sometime ago and his Athletics have been at or near the bottom in baseball performance for too many years to suit his youthful ambitions.

So, as he leads his team toward Anaheim where the A's start training next week, the Methusalem of Shibe Park expresses these thoughts:

"I'm not looking forward to a pennant, exactly. Even when I had my good teams I never said, 'we're going to win the pennant.'"

"What I'm looking for is a chance. 'If we're good enough to be in the

first division, we're good enough to win."

Connie expects to have a "pretty good team," perhaps a first division contender in 1941, but "would rather look forward this year to keeping the clubs that murdered us last year from doing it again." The three leaders in 1939—New York, Boston and Cleveland each beat the A's in 18 of 22 games.

"I don't think the leaders will do it again this season," Mack predicts. "We'll win seven or eight games from them."

A very realistic factor in Connie's comeback dreams is Benny McCoy, the second baseman he signed for \$55,000 after he had been declared a free agent by Commissioner Landis. On the night-marish side is the A's pitching staff but Connie promises there'll be a big improvement in this department by the time the umpire shouts "Play Ball" on April 18.

"I have great prospects," he says with a mysterious twinkle in his blue eyes, "of getting two or three really top-notch pitchers. I can't say who, not now."

Although the Maroons were held without a field goal for the first 19 minutes, the Wolverines had only a slim 12 to 11 margin at halftime. Center Jim Rae, Michigan captain, scored seven of his 10 points after the intermission as the Wolverines pulled away. It was Michigan's fourth victory in seven conference starts and Chicago's seventh consecutive defeat.

Minnesota Shades Iowa Five, 34 to 29

Minneapolis, Feb. 17.—(AP)—Minnesota squeezed out a 34 to 29 victory over Iowa in a western conference basketball game tonight before 6,800 fans.

The result left both Minnesota and Iowa with a ranking of three victories and four defeats in the conference race.

Minnesota led throughout the entire game although Iowa presented an almost constant threat, particularly in the final minutes when the Gophers lost their two stars, Don Carlson, forward, with an ankle injury, and Willie Warhol, center, on four personal fouls.

Routt And St. Bede Battle In Catholic State Tournament

Announce Pairings For First Round In Annual Affair Beginning Friday

Springfield, Ill., Feb. 17.—(AP)—Pairings were announced today for the Illinois Catholic High school basketball tournament opening here Friday and continuing through Sunday. Cathedral of Springfield is the defending champion in the field of 16.

First round pairings:
Marmion (Aurora) vs. St. Joseph (Calumet) (Bloomington) vs. Central Catholic (St. Louis).
Spaulding (Peoria) vs. St. Paul (Odell).
Quincy Academy vs. Cathedral of Belleville.
St. Patrick (Kankakee) vs. Sterling.
Corpus Christi (Galesburg) vs. St. Mary's (Woodstock).
St. Bede (Peru) vs. Routt (Jacksonville).
Cathedral of Springfield vs. St. Teresa (Decatur).

Ohio State Downs Wisconsin, 41 to 35

Columbus, Ohio, Feb. 17.—(AP)—Forward Gil Michelson tossed in 13 points to give Ohio State a 41 to 35 Big Ten basketball victory over a stubborn Wisconsin team here tonight before a crowd of 3,300.

Ohio State, in marking up its fourth conference victory against three losses led the entire game after the first minute of play, but the Badgers threatened several times to come from behind.

Gene Englund, towering Wisconsin center and chief scoring threat, was held pointless for 23 minutes of the game.

Guard John Rundell and forward Charles Epperson of Wisconsin, grabbed runner-up scoring honors with eight points each.

The loss was Wisconsin's fifth in seven conference starts.

Indiana Is Upset By Northwestern

Evansville, Ill., Feb. 17.—(AP)—Northwestern University ran up a 25 to 12 halftime lead tonight and then withstood Indiana's last half comeback to hand the Hoosiers a surprise setback, 40 to 36, and drop them from a first place tie with Purdue in the Big Ten basketball race.

The Wildcats completely dominated play in the first half in which Indiana was held without a field goal for a 10 minute stretch.

However, the game was bitterly fought all the way and the second half was hardly under way before six men had been dismissed for too many personal fouls. Clawson, Klein and Shepherd were the Northwestern players ousted. For Indiana it was Armstrong, Zimmer and Huffman.

BASEBALL PLAYERS IN GOLF TOURNEY FINALS

Tampa, Fla., Feb. 17.—(AP)—Wes Ferrell, the defending champion, won his way into the finals of the National Baseball Golf championship today when he sank a 20-foot putt on the 20th hole to beat Paul Derringer, Cincinnati pitching ace.

Ferrell, a veteran twirler who is trying a comeback with the Brooklyn Dodgers, will meet Jack Russell in the 36-hole finals tomorrow.

Russell, a former Chicago Cubs pitcher but now a free agent, eliminated Medalist Joe Medwick, St. Louis Cardinals outfielder, in the semi-finals, 3 and 2.

In the quarter finals earlier in the day, Ferrell, trying for his third championship defeated Jimmy Fox, slugging first baseman of the Boston Red Sox, 6 and 5.

Russell beat Mercyn Shea, Detroit Tiger coach 2 and 1 in the quarter finals.

CHICAGO WHITE SOX
Chicago, Feb. 17.—(AP)—Attorneys for the estate of J. Louis Comiskey said today that by agreement the date for filing an answer to a petition asking authority to sell the Chicago White Sox had been extended and that Feb. 29 had been set as the new date for a hearing.

The petitions, filed Jan. 18 by the First National Bank of Chicago, trustees of the estate, said that ownership of the baseball club was a "hazardous" business and not a good trust investment. Comiskey heirs are opposing the action.

OPTIMIST GARCIA
Los Angeles, Feb. 17.—(AP)—Ceferrino Garcia, claimant of the world's middleweight championship, believes he will defeat Welterweight Champion Henry Armstrong in their 10-round battle Thursday night by a knockout.

The Bolo-punching Filipino ascribes his loss by a decision to Hammerin' Henry in New York in 1938 to the fact he was weakened in making the 147-pound welterweight limit.

NOTRE DAME WINS
South Bend, Ind., Feb. 17.—(AP)—Notre Dame won easily over John Carroll University of Cleveland tonight, 46 to 27, in an intercollegiate basketball game.

The Ohio five held the Irish on fairly even terms for the initial 10 minutes, but Captain Mark Ertel began a basket bombardment which put Notre Dame out in front.

School For Deaf Team Defeats David Prince; Murrayville 5 Wins

Saturday's Games
I. S. D., 12; David Prince, 13 (Championship game).
Murrayville, 23; S. Jacksonville, 20 (Consolation game).

Final Standings
I. S. D., Morgan County grade champions.
David Prince, second place.
Murrayville, third place.
South Jacksonville, fourth.

Receiving a handsome first-place gold trophy and ten small individual gold basketball pins, the I. S. D. grade school basketball quintet defeated David Prince Saturday night in a hard fought battle by a 10-13 score, clinching the title of Morgan County grade school champions and bringing to a close the annual grade school tournament sponsored by the J. H. S. Athletic Association and the Journal-Courier.

Coach Ross Pearson received a second-place trophy on behalf of the David Prince team. Each player also got a small silver basketball pin. Murrayville was presented with the third place trophy. All awards were made by Richard Welty, J. H. S. coach.

The Murrayville gradesters dropped the South Jacksonville five in the consolation game to obtain third place in the tourney and to receive a silver consolation trophy.

David Prince Bows To I. S. D.
The School for the Deaf youngsters had to put a stiff offensive to enable them to topple the Green-and-White from David Prince. It was a nip-and-tuck battle all the way, and the junior high team held a lead of five points at the end of the half, 8-3.

Shooting in four baskets for a total of eight points, Demo, Deaf forward, took the scoring honors in his game, leading by one point his nearest competitor, Wayne Foote. David Prince, forward, Foote shot in three field goals and one free throw for seven points, slightly over half of his team's total.

During the first quarter nothing much happened and the spectators got ready to settle down to a nice slow game. Only one point was scored in the first six minutes, and that was on the Deaf's side. D. P. came back, however, with eight points during the second stanza to improve the looks of the game.

It was during the third quarter, however, that the Deaf kids really got going, adding ten points to their score to lead 13-11. They dropped in six more points to clinch the game and the championship 13-19.

South Jacksonville Dropped
Murrayville had to work like everything toward the closing minutes of the curtain-raiser to take third place and the consolation trophy from the grasp of the South Jacksonville lads in a close game 23-20. It was one of those games that was nip-and-tuck all the way, the kind that was tied at almost every minute.

The last quarter was the hot one. Clarkson broke a 16-all tie with a field goal. Davis tied it again with another two points, a tie which was broken by Clarkson's free throw. Tendick, center, dropped in two points, followed by Reeve's two points to give Murrayville the edge, 21-20. Then, as the spectators held their breaths, McGrath shot in his only score of the game, the basket which clinched the game 23-20.

Fenske Wins Mile; Cunningham Is 4th

Four Men Finish Race Under Fast Time of 4:09

New York, Feb. 17.—(AP)—Chuck Fenske, the 1940 mile-running sensation, ran his winning streak to five straight tonight in capturing the 27th running of the New York A. C.'s Baxter mile in 4 minutes 7.4 seconds before a crowd of 15,000 at Madison Square Garden.

Putting on a killing sprint for the last three-quarters of a lap, the bespectacled University of Wisconsin graduate student collared Lou Zamperini in 40 yards of straightaway and then won by three yards.

The time equaled the fastest ever recorded indoors for a competitive race turned in by Glenn Cunningham in the 1938 Knights of Columbus games and matched by Fenske two weeks ago in the Millrose meet, where he beat Cunningham by three yards.

Tonight Glenn suffered his worst defeat of his poorest season. Beaten five times up to this race, once by Gene Zenzke and four times by Fenske, he could do better than fourth as Zenzke shaded him for third place.

They were clocked in identical time 4:08.8 while Zamperini, who had gone into the lead with two laps to go, was timed in 4:07.9.

This was the second time this winter that four milers finished under 4:00. The Millrose was the other.

NATEX IS A "MIRACLE WORKER" TO JOYFUL MEREDOSIA WIDOW

Tells Of Almost Incredible Benefits It Brought After Every Other Medicine She Tried Had Failed to Help.

Many interesting statements are received every day at Gilbert's Pharmacy, 35 South Side Square, but few are of more human interest than that told by Mrs. Jane Yeakey, 74-year-old Meredosia, Ill., widow, who says:

"It was about a year ago that constipation began to trouble me constantly, and I seemed to feel worse with the passing of each day. Headaches became frequent and severe, my sleep at night became broken and restless, my appetite failed me and the skimp meals I did eat soured, formed gas and sent bitter, burning acids into my throat. Even worse, almost unbearable aches developed in my back and legs. Four months ago, I reached such a condition that I was forced to go to bed, and there I lay day after day, flat on my back.

"Naturally enough, I tried just about every medicine I could get my hands on, but it was all to no avail. That's why the action of Natex amazed me so much.

"I've only been taking it for a short time but from the first it got my bowels moving just as smoothly, thoroughly and actively as anyone could wish. Soon the headaches began to bother me less and less until I didn't

notice them at all, my sleep at night became more restful and strengthening, my appetite improved and, more important, all my meals began to digest without distressing me in the least. Last but not least, almost all the misery seems to have left my back and legs. It's true that I'm still bedfast but I'm feeling so much better that I can at least sit up and feel sure that I'll soon be up and about again. No wonder Natex is a 'miracle worker' to me!"

Go to Gilbert's Pharmacy, 35 South Side Square, and ask them about the medicine that is helping so many in this section. Try it for just 30 days. Learn how it can help you too. Natex is also sold by most all other leading druggists.

\$100 REWARD will be paid to any person who can prove to the satisfaction of the manufacturer that a testimonial that was not bona fide and true in every respect.

Purdue Noses Out Illinois, 33 to 27

Lafayette, Ind., Feb. 17.—(P)—Purdue University's Boilermakers took undisputed possession of the Big Ten basketball conference lead tonight, turning back Illinois, 33 to 27, as Indiana University dropped a 40-to-36 decision to Northwestern.

The Boilermakers put on a fine exhibition of speed, snappy ball-handling and pressure defense for the 8,500 spectators who filled the big field house.

Blueboys Lose To Lake Forest, 41-38

Lake Forest, Ill., Feb. 17.—(P)—Three field goals in the closing minutes of play gave Lake Forest a 41 to 38 victory over Illinois College tonight, in an Illinois College Conference basketball game.

Florine Davis Is Honored By School

Chosen Representative Of Chanderville High For Citizenship Prize

Chanderville, Feb. 17.—Florine Davis was chosen by the faculty and the senior class as the representative of the Chanderville Community High school in the Daughters of the American Revolution (D. A. R.) Citizenship contest. The aim of this project is to help build youthful character and to call attention to those qualities which are desirable in good citizenship. The contest is not an essay writing nor a popularity contest.

Each of the students in the high school senior class voted on three girls, whom they believed best qualified as good citizens on the basis of the following four points: Dependability—Truthfulness—Honesty—Punctuality.

Service—Cooperation—Helpfulness—Responsibility. Leadership—Personality—Self-Control—Initiative.

Patriotism—Unselfish Loyalty to American Ideals. From the three girls receiving the highest number of votes, the faculty selected one girl to represent the school as our Good Citizen.

Her name and address is to be sent to Mrs. D. A. Lehman, 105 North Granger street, Harrisburg, Illinois, where it will remain on file until the final drawing. At this time three names will be drawn; if the girl whose name is drawn is unable to go, the second may take her place, and if she is unable to go, the third will be given the opportunity.

The winner will be awarded visits to Congress, the White House, Library of Congress, Museums, Arlington, Mt. Vernon, and other places of interest.

This school is sponsored by the Pierre Menard Chapter, Petersburg, Mo. Miss Davis is the daughter of Mr. and Mrs. John Davis of Chanderville. She has been a straight A student. Her consistent interest in vocal music has been apparent in her work in the girls' chorus, A Capella choir and opera parts given during her grade and high school years. She has majored in history and social science.

• SERIAL STORY

THE CAPTAIN'S DAUGHTER

BY HELEN WORDEN

COPYRIGHT, 1940. NEA SERVICE, INC.

YESTERDAY, Dan determined to go through with his engagement to Lydia for his mother's sake. He knew Lydia would be a little nervous of him, but he was sure she would be a good wife for him in the end.

CHAPTER XXIII

MRS. WILLIAM MARTIN had asked Katie Donovan to meet her at the Colony at 1.

"There are so many things I want to talk over with you, my dear," she told Katie. "We won't have a chance tonight. I'll terribly glad you're back."

Mrs. Donovan was flattered by the intimate note in the phone call. She felt as if she had already been admitted to the Martin family circle. She knew from past sniffs that it wasn't easy to crash.

With great care she dressed for luncheon. Susette had helped her into three different
